Patient Health Information Consent Form

We want you to know how your Patient Health Information (**PHI**) is going to be used in this office and your rights concerning those records. Before we will begin any health care operations we must require you to read and sign this consent form stating that you understand and agree with how your records will be used. If you would like to have a more detailed account of our policies and procedures concerning the privacy of your Patient Health Information we encourage you to read the HIPAA NOTICE that is available to you at the front desk before signing this consent.

1. The patient understands and agrees to allow this chiropractic office to use their Patient Health Information (**PHI**) for the purpose of treatment, payment, healthcare operations, and coordination of care. As an example, the patient agrees to allow this chiropractic office to submit requested PHI to the Health Insurance Company (or companies) provided to us by the patient for the purpose of payment. Be assured that this office will limit the release of all PHI to the minimum needed for what the insurance companies require for payment.
2. The patient has the right to examine and obtain a copy of his or her own health records at any time and request corrections. The patient may request to know what disclosures have been made and submit in writing any further restrictions on the use of their PHI. Our office is not obligated to agree to those restrictions.
3. A patient's written consent need only be obtained one time for all subsequent care given the patient in this office.
4. The patient may provide a written request to revoke consent at any time during care. This would not effect the use of those records for the care given prior to the written request to revoke consent but would apply to any care given after the request has been presented.
5. For your security and right to privacy, all staff has been trained in the area of patient record privacy and a privacy official has been designated to enforce those procedures in our office. We have taken all precautions that are known by this office to assure that your records are not readily available to those who do not need them.
6. Patients have the right to file a formal complaint with our privacy official about any possible violations of these policies and procedures.
7. If the patient refuses to sign this consent for the purpose of treatment, payment and health care operations, the chiropractic physician has the right to refuse to give care.

Consultation & Exam

- To begin today's visit, we will collect some confidential health information and then sit and speak with you. After we learn more about your condition, we will perform some preliminary screening tests.
- If we believe that we may be able to help you we will recommend a complete examination so we can thoroughly evaluate your condition.
- We will always inform you of associated fees before we perform any procedure or service.

Report of Findings

- Patients who are examined will receive a report of our findings from the recorded history, consultation, and examination.
- If we believe we can help, we will accept your case at this time. If we believe that you will not respond to our care, we will not accept your case and may refer you to another provider.

Treatment Plan

- If we accept your case, we may recommend treatment options based on your unique needs and then an individualized treatment plan may be created to address your short and/or long-term goals.
- As you advance through treatment, periodic progress evaluations will measure and compare your improvement.

I have read and understand how my Patient Health Information will be used and I agree to these policies and procedures.
